

T7500 3P HEPA Dust Extractor

Creating Clean Air for Construction, Abatement and Restoration

The follow-up to the popular T75 model. The T7500 has a 20% increased filter area and has been lowered by 8" for easy transportation. Includes wear resistant pre-filter hoses and a H13 main filter. Longopac® bag hose system for dust free bag changes. Suitable as a central vacuum and all types of floor grinders.

The T7500 (230V) is equipped with a quiet, yet powerful turbine motor delivering exceptional airflow at 353 CFM. It comes with two oversized tested and certified HEPA filters to ensure clean air exhaust. It includes the same sock-style pre-filters that have earned a reputation for providing nonstop grinding and a long service life. The pre-filters can be cleaned from outside of the tank via Jet Pulse negative air pressure. The unique 72 foot Longopac® allows fast, drop-down, dust-free disposal into individually sealed plastic bags. Comes with 3-inch, 33-ft grinder hose and complete floor tool kit including 2-inch, 25 ft. hose, wand and floor tool. Get the most out of your T7500 by connecting it to our proven model C5500 Pre-Separator.

T7500 Specifications

CFM:	353
HP:	10.4
Amp:	24.2
Volt:	208-240
Water lift:	110
Weight:	548
Product code:	200600404A
With 100 amp distribution box:	200600404M

Filter Sock Assembly: superior pre-filtration of dust to maintain airflow and increase time between filter cleaning.

Optional Distribution Box: convenient hookup to power source and grinder.

Two HEPA Filters: Each HEPA filter is tested and certified to have a minimum efficiency of 99.99% at .3 microns

Filter information

2 HEPA Filters 54 (ft²), 99.99% at 0.3 microns
